For using the ‘m-way bill’ service the registered person has to write to the jurisdictional Local Goods and Service Tax Officer or Goods and Services Tax Sub-Officer concerned using his existing ‘username’ and ‘password’ and register two mobile numbers for ‘e-way bill’:

- (a) For uploading the information in ‘m-way bill’ the registered in the first place has to login to one of the department’s websites namely: <http://vat.kar.nic.in>, <http://sugam.kar.nic.in>, and <http://sugam2.kar.nic.in> and register the commodities dealing in for the purposes of availing of the ‘e-way bill’ facility, using the option ‘Reports and Help’ Add ‘e-way bill’ commodities and then select the commodities which he/she would be transporting for ‘m-way bill’ purpose and save the same. He has to note down the commodity codes corresponding to the commodity added or saved and then mention the relevant commodity code numbers in the ‘m-way bill’ for the purpose of sending the SMS for generating ‘m-way bill’ number.
- (b) There are eight parameters used for sending the information through SMS to a designated mobile telephone No. 9731978899. Once the information sent reaches the department’s server, the system will validate the details of information and generates ‘m-way bill number’ and return it back to the sender for being used by the sender for enabling its use during movement of goods. The number so generated may be passed on to the transporter for issuing it at the check-post or at the point of interception of the goods vehicle by the officers of the department. The SMS format for sending the information of the details of goods to be transported for getting the ‘m-way bill’ number generated is as under:

KWR [Space] (Write Type of Transaction) [Space] (Write Type of Category of Transaction) [Space] OTHER PARTY GSTIN [Space] INVOICE NUMBER [Space] TAXABLE VALUE [Space] TAX AMOUNT [Space] COMMODITY CODE [Space] OTHER PARTY LOCATION

- (c) The system will carry out the following validations before processing the request. In case of failure of validation, the system sends the appropriate error message to the mobile number:
1. It will validate the mobile number linked to the trader’s GSTIN before accepting the request.
  2. It will validate the correct key word — KSR for Karnataka ‘e-way bill’.
